Re: State of California Safe Drinking Water and Toxic Enforcement Act (Proposition 65)

To whom it may concern:

Thank you for your recent inquiry with respect to whether KUSHON® sponge rubber products contain any of the substances on the current List of Chemicals Known to the State of California Known to Cause Cancer or Reproductive Toxicity. The list is published annually as required by the regulation.

The following chemicals are present in KUSHON® sponge rubber.

Chemical Name	CAS Number	Concentration by weight
Silica, Crystalline	14808-60-7, 7631-86-9	<7%
Titanium Dioxide	13463-67-7	<6% (<12% in "Jar Opener" grades)

An additional chemical is present in black & colored KUSHON® sponge rubber.

Chemical Name	CAS Number	Concentration by weight
Carbon Black	1333-86-4	<2% (<25% in Polychloroprene and EPDM grades)

The materials listed above are bound within the polymer and therefore not in a respirable form presenting an inhalation hazard per Proposition 65. Therefore, no warning statement is required.

If Rogers may be of any further assistance, please do not hesitate to contact Customer Service <http://www.rogerscorporation.com/ems/contact/index.aspx>

Sincerely:

Rogers Corporation

The information provided in this declaration form(s) is based solely on Material Safety Data Sheet (MSDS) information provided by our raw material suppliers. Rogers Corporation makes no representation that it has verified the accuracy of the MSDS information upon which this declaration is based. Rogers Corporation accepts no responsibility for incomplete or inaccurate MSDS information, or for incomplete or inaccurate information contained in this declaration. Rogers Corporation accepts no duty to notify users about changes to the provided information. Rogers Corporation is not liable for any damages, direct or indirect, consequential or otherwise, that the Reader or any third party might incur as a result of any incompleteness or inaccuracy of the information contained in this declaration form, or as a result of ignoring this warning.
